

REGISTRATION CHECKLIST

If you want to compete in NCAA sports, you need to register with the NCAA Eligibility Center at eligibilitycenter.org. Plan to register before your freshman year of high school (or year nine of secondary school). The information below will help guide you through the registration process.

TO GET STARTED, DETERMINE THE ELIGIBILITY CENTER ACCOUNT TYPE YOU NEED:

- 1. Profile Page Account:** If you are not sure in which division you want to compete, or are a domestic student-athlete who plans to compete at a **Division III school**, create a free Profile Page account. If at any time you wish to pursue a Division I or II path, you'll be able to **transition** to the right **Certification account**. All **international student-athletes** who plan to compete at a Division III school should start with an Amateurism-Only Certification account.
- 2. Academic and Amateurism Certification Account:** You must receive an academic and amateurism certification from the Eligibility Center to compete at an NCAA Division I or II school. Before you can go on official visits or sign a Division I or II **National Letter of Intent**, you must have completed the Academic and Amateurism Certification account registration (including payment or **fee waiver**).
- 3. Amateurism-Only Certification Account: International student-athletes** (first-year students and transfers) must have their amateurism status certified by the Eligibility Center in order to compete at an NCAA Division III school. You must have completed the Amateurism-Only Certification account registration (including payment or **fee waiver**) to be eligible to practice or compete at a Division III school. Visit on.ncaa.com/Amat for more information.

This account may also be right for domestic student-athletes transferring from a two-year school to an NCAA Division I or II school who have not previously been certified by the Eligibility Center. These students should speak with the compliance staff at the NCAA school they plan to attend to determine which account type is required.
